## PROFESSIONAL OVERVIEW

Experienced Full Stack Developer skilled in both front-end and back-end technologies. Proficient in ReactJS, Node.js, Laravel, JavaScript, SQL, and RESTful APIs. Experienced in all stages of development, from design and coding to testing, deployment, and maintenance. Adept at delivering high-quality web applications with a focus on user experience and performance. Capable of managing projects independently or collaborating in a team to meet business and technical goals.

## WORK EXPERIENCE

### Full Stack Developer

GTC, Davao City | 2024- Present

- Planned, developed, tested, deployed, and maintained both front-end and back-end web applications. Provided efficient troubleshooting and optimization for full-stack solutions. Wrote and optimized SQL queries and stored procedures. Collaborated effectively with teams and independently to meet project goals. Translated client requirements into scalable application designs and system specifications. Adhered to best practices, policies, and quality standards throughout the development lifecycle.

### Technical Support Staff

CIMEM Consumer Distributors, Inc. | 2019- 2023

- Worked as a productive and positive team member in providing technical support for GPS tracking and CCTV surveillance systems. Assisted in troubleshooting, diagnosing, and resolving system issues, ensuring optimal performance. Managed both hardware and software aspects of GPS and CCTV installations, configurations, and maintenance. Successfully identified, diagnosed, and fixed technical problems related to connectivity, system errors, and device malfunctions. Promoted consistent system performance and visual quality across monitoring platforms. Stayed updated with new standards, technologies, and trends in GPS and CCTV development and support.

### Graphic Designer

Racks Garden Bar & Grill | 2018- 2018

Creative and detail-oriented Graphic Designer with experience in designing engaging digital and print materials. Collaborated with clients and teams to develop innovative designs, including branding, marketing collateral, website visuals, and user interfaces. Ensured consistent style and messaging across platforms while managing multiple projects and meeting deadlines.
